TUBOR

WP-50A

Pipe Threading Machine

Design Features

- Equip with quick-open die head, the die can be replaced to process BSPT, NPT thread.
- High-strength die-cast aluminum alloy casing, light and durable, front and rear guide pillars are made of solid round steel, with thickened support ears to increase the stability of the machine.
- Stable operation and extend the service life of the machine.
- Powerful motor in 900W or 1100W or 1300W for choices, full-size threading completed in one operation
- Automatic lubrication, adjustable oil volume, through head lubrication, can continuously lubricate the die and workpieces, extending the service life of the die.

Specifications

- Fabrication Capacity: 1/2"~2" BSPT/NPT
- No Load Speed: 28 R.P.M.
- Gross Weight: 83 kgs
- Packing Size: 70 × 45 × 55 cm
