

Welded (ERW) Steel Pipes & Grooved Fittings

Brand: **HAH** (Pipe), **100TONG** (Fittings)
Origin: Singapore
Made in: China

Standards:

- UL/FM Approved (Fittings)
- ASME B36.10-2004
- BS EN 10255
- ISO9001

Products:

ERW Galvanized Steel Pipes, Rigid Coupling, Flexible Coupling, 90° Elbow, 90° Reducing Elbow, 45° Elbow, Grooved Tee, Grooved Reducing Tee, Threaded Reducing Tee, Grooved Cross, Grooved Reducing Cross and more.

Applications:

Galvanized groove pipe systems are versatile and can handle a wide range of applications, including water distribution, fire protection, HVAC systems, and various industrial processes.

ERW GALVANIZED STEEL PIPES & GROOVED FITTINGS					
Drinking water	Sewage	Fire Fighting / Sprinkler	Chilled Water	Gas / Compressed Air	Fuel / Hydraulic
		✓	✓		

Advantages:

These pipe system allows for quick and straightforward installation. Grooved connections use mechanical couplings that are easily assembled without the need for welding or threading, saving time and labor costs.

Quick & Easy
Installation

High Impact Strength

Fire Resistant

Temperature & Pressure
Tolerance

Value Added Services:

- Pipe Threading
- Pipe Grooving
- Pressure Testing
